### Practice

Public Affairs

Kyle brings more than 25 years of experience navigating Pennsylvania state government. A native of Northeast Pennsylvania, his career began in the Pennsylvania State Senate, where he steadily rose through the ranks.

Most recently, Kyle served as Chief of Staff to former Senator John Yudichak. As Chief of Staff, Kyle was responsible for the day-to-day operations of both the Harrisburg Office and the District Offices. Kyle developed, implemented and promoted the Senator's legislative proposals and public policy agenda.

In 2016, Kyle made the transition from Chief of Staff in the Senate to a career in government and public affairs. Widely regarded as one who could always work in a bipartisan manner within the halls of the Capitol, Kyle has been able to utilize those relationships to achieve numerous successes for his clients.

Over the last few years, Kyle has worked with his clients to accomplish many legislative victories, such as the expansion of the live events tax credit program, implementing the first e-Scooter pilot program in Pennsylvania, and amending state licensure laws. Kyle also identified and helped secure state funding and appropriations such as Redevelopment Assistance Capital Program (RACP), Local Share Account (LSA), Commonwealth Financing Authority (CFA), PennDOT/DCED Multimodal and other grant programs for his clients.

Throughout Kyle's entire professional career, he has maintained an outstanding reputation amongst his peers. Kyle continues to leverage his experience and longtime connections to collaboratively work with his clients to achieve policy and legislative goals.

Kyle is an avid golfer and keeps up with his favorite sports teams. He is also a parishioner at St. Matthew's and volunteers on the Parish Council.

**Education**

- King's College, B.A.
